\*[Straight-Talk Alert] – this is our full Disclaimer. Please be sure to read it carefully so you know exactly where you stand:

Note that individual results will vary and income results are not guaranteed with anything we share on this website. Our goal is to recommend you online tools, education, tips, and ideas to help kick-start your business, but the effort you put in is what will make or break your success levels.

While we may endorse or promote a variety of individuals testimonials and case studies, this does not mean you will get the same results. There are those who will not earn any money or get any result at all with the training, tools, tips, and ideas we share because it all depends on your determination, hard work and ability to follow directions. As a business owner or entrepreneur, the understanding needs to be in place that you will take full responsibility for your results.

**\*DISCLAIMER - What sets us apart from other online business training is our world class system and methods, as well as our integrity - so we want you to know exactly where you stand. Note that individual results will vary. No results are guaranteed with the help of our training and business systems. All the products and services we provide are for educational and information purposes only. While our member testimonials of success are verifiable, this does not mean you will get the same results. There are those who will not earn any money at all with our program, because individual results will depend on your determination, hard work, and ability to follow directions.**
